

Finalised story

As it can be seen the consumer segment is the highest in terms of sales with Wyoming being an exception where consumer segment is not popular

Segment wise sales

Sales map

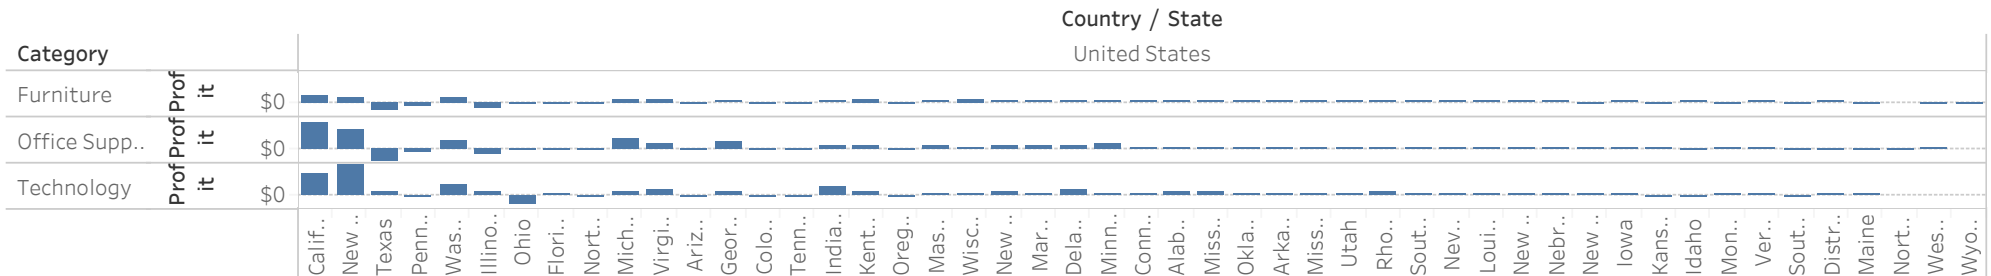

Most states are sold lower quantities with little or no profits indicating the prevalence of discounts except California and NY which have bought higher quantities of products than other states with good sales and profit .California and NY being business districts the office supplies segment is the highest for obvious reasons

Sales

|

 \$64 \$159,271

Finalised story

Although Sean Miller is the top customer in terms of sales the he was fortunate enough to get higher discounts and therefore lower profits while Tamara is the most valuable customer wiht highest profits
